Department of Urology & Department of General Surgery

August 2010 - August 2012

- Verified patient eligibility, distributed new patient registration packets, ensured accuracy of forms resulting in an increase in organizational operations for the patient care team.
- Scheduled new and return clinic visits, diagnostic services, and ambulatory procedures for patients according to physician associate guidelines.
- Accepted payment for medical services according to cash acceptance guidelines and performed daily reconciliation with zero balance discrepancies.

Key Coding Qualifications

Coding Language Exposure: Java, C#, C++, Python, Javascript, Html, CSS, Assembly, SQL

Framework Exposure: React, Django, Flask, ASP.Net Core/Entity Framework

Virtual Environment Exposure: Amazon AWS EC2 Instances

Development Environment Exposure: Visual Studio Code IDE, JetBrains IntelliJ IDE, NetBeans IDE, Dr. Java JDK

Education

CURRENT ENROLLMENTS:

SECOND BACHELORS / BS, Computer Science / San Diego Miramar College

Expected Comp: May 2022

COMPLETED:

FULL-STACK CODING PROGRAM/ San Diego Global Knowledge University

March 2021

BACHELOR OF ARTS, MUSIC PERFORMANCE / UNIVERSITY OF MICHIGAN

May 2011

CERTIFICATION:

PSM I: The Professional Scrum Master Level I (PSM I)

January 2021

Key Classes Completed towards BS Computer Science

Introduction to Java

Intermediate Java Programming

Computer Org and Assembly Lang

Calculus/Analytic Geometry II

Introduction to C/C++

Portfolio

GitHub: <https://github.com/heasleykr>

ParkingLots

March 2021

URL: <https://github.com/heasleykr/ParkingLots>

- Built web application using the Django Framework, which utilizes APIs like CrispyForms, Jinja, Pillow, Bootstrap, and FontAwesome.
- Employed Object Oriented Programming techniques to allow users to buy, sell, and rent parking spaces.
- Designed and built logos and marketing content using Adobe Photoshop.

OrganicBeans

January 2021

URL: <https://github.com/heasleykr/OrganicBeansRedux>

- Web application build with React Framework for educational purposes with San Diego Global Knowledge University
- Built and designed all front-end elements with original code, HTML/CSS/JS.
- Utilizes Redux for state management in addition to AXIOS for web server connection for data storage.

Property Rental

November 2020

URL: <https://github.com/heasleykr/Property-Rental-Web-Application>

- Web application build with Microsoft's ASP .Net Core framework for educational purposes with San Diego Global Knowledge University
- Built and designed all front-end elements with original code, HTML/CSS/JS.
- Utilizes the Model-View-Controller architectural style and built backend alongside other students for the purposes of learning the ASP .Net Core framework.

The Fashion Pet

September 2020

URL: <https://github.com/heasleykr/theFashionPet>

- Statically built website using HTML, CSS, & Javascript techniques.
- Emphasized styling of content without API usage.
- Used conventional CSS containers and techniques for layouts

LETTER OF RECOMMENDATION

Date: March 23 2021

To Whom It May Concern:

This is a letter of recommendation for Ms Katelynn Heasley, who was my student at the Fullstack Development Immersive Program (FSDI) in SDGKU during the period September 2020 to December 2020.

Ms. Heasley has a mature and constructive personality, and was an excellent student. She has demonstrated to be a self disciplined and self learning student who always exceeded the expectations during and after class. In coding, Ms. Heasley demonstrated to have passion for web development and specially in web-design and front-end development delivering stunning looking project far beyond the expectations of the assignments.

She is capable of performing at an entry level or higher in any fullstack development position. She is a good team collaborator and coordinator. She has both the creative and analytical skills needed for success in any kind of organization, whether it be in business, government or education. I recommend her highly.

I would be glad to provide any additional information on this recommendation upon request.

Sincerely,

A handwritten signature in black ink, appearing to read "S. Inzunza", written over a horizontal line.

Dr. Sergio Inzunza

San Diego Global Knowledge University

LETTER OF RECOMMENDATION

18th of March 2021

Dr. Andrés Mejía Figueroa
Assistant Director of Academics / Full Stack Instructor
San Diego Global Knowledge University
Email: amejia@sdgku.edu
Tel: (619) 934-0797

To Whom it May Concern:

I am writing in reference to Katelynn Heasley and her application. I was her instructor for the entirety of the Full Stack Development Immersive course (around 7 months). Besides being a grade A student, she showed exceptional developer abilities and drive to learn other technologies and was very self-motivated. She never missed an online session, submitted all work in time, and presented assignments and projects with work well above the minimum requirements.

I am sure she will be an excellent addition as a Full Stack Developer due of her drive and eagerness to learn more.

If you require any further information, please feel free to contact me via email at amejia@sdgku.edu.

Yours truly,

Andrés Mejía Figueroa
